

**WHITE RIVER LODGE
No. 153**

Brotherhood & Friendship

2nd Degree Working Tools

I now present to you the working tools of a Fellow Craft Freemason, they are the Square, Level and Plumb Rule. The Square is to try, and adjust rectangular corners of buildings, and assist in bringing rude matter into due form; the Level to lay levels and prove horizontals; the Plumb Rule to try, and adjust uprights while fixing them on their proper bases. But as we are not all operative Masons, but rather free and accepted, or speculative, we apply these tools to our morals. In this sense, the Square teaches morality, the Level equality, and the Plumb Rule justness and uprightness of life and actions. Thus by square conduct, level steps, and upright intentions we hope to ascend to those immortal mansions whence all goodness emanates. You are now at liberty to retire in order to restore yourself to your personal comforts, and on your return to the Lodge I shall call your attention to an explanation of the Tracing Board.
